Pierrot, Rebecca	
Shepherd, Mei Beth	
Starr, Rip	X
Varner, Pam	
Ward, Keith	
Wlodarski, Jan	X

September 2012 Meeting Minutes: Approved. Ok to post.

2. LAMS Update

Dan has finished identifying and adding methods for Office of Water and Drinking Water that have been approved for use. He has received responses back that people are using them and think they're great. The Office of Water and Drinking Water do not always approve the same edition of the method. Dan did finish all WET methods. All match the PT table.

Louisiana DHH was supposed to be online sometime this week, but no word yet.

"Approved under Part 141" Drinking Water filter – William will add when he has time. We do have some secondary methods that are Part 143. We don't have to use the ones under 143 but can. How should we list this? "Approved under Part 141/143"? Yes, or a notation that says "includes methods approved under Part 143". Is there any way to flag the 143 listings? This information will show up under method information.

Dan is adding citation and method sources now. He also has a list of methods he would like to retire.

3. Update on Discussions with ABS about getting their data into LAMS

NY – this was discovered during an evaluation and an Observation was made. PA – Also discovered during an evaluation and internal audit. Now that LAMS is functional, it seems appropriate to start making this a Finding. It is clear that it is in the Standard as a requirement. Aaren is starting to work on it.

4. Website Update

Lots of general business updates – nothing out of the ordinary. Denver preliminary meeting information and registration is now available.

Downloadable webcasts are working very well. There is a lot of interest and activity.

5. OTHER

IT Meeting minutes: it has been suggested that we only keep 1 year available on the web. No need to go in and clean up and post older versions. We should highlight this suggestion for those that are not on the call today. That way, everyone has a chance to comment.

Are the new committee pages built yet? No, there is no information from the committees yet. Jerry will follow up with committee chairs to let them know what we need (charter, roster, meeting schedule, etc.).

6. Next Meeting

November 15, 2012, 3pm EST
