3. Review Tracking Spreadsheet

Tracking spreadsheet was reviewed and updated.

4. Website Update

Since the last meeting, registration has opened and call for abstracts. VBS vote completed 125 votes. Good turnout for that. 1 standard interpret posted from 2003 standard. Board election coming up – call for nominations will be posted soon. Lots of activity on posting minutes, IT committee and others.

LAMS: Bug report came in from Utah asking why a method wasn't showing up for their lab. Wasn't a LAMS problem. It wasn't in the upload file they were trying to submit to us. Asked them to check their process for uploading methods.

6. Albuquerque, NM Conference

We are trying something new with our meeting in New Mexico. Albuquerque is a really special place – so many things to see and do close by. We're planning some social events for the Sunday before and the Thursday after the meeting. These not organized by TNI but by Trinity O'Neal and a couple of others. They are building FB pages (private), for different places to go. Once people are registered for the conference, invitations will be sent for these FB pages and people can decide if they want to attend any of the events. Then the attendees will organize the details themselves.

Kay and Jerry wrote an article for newsletter regarding this. Can we have an area on the conference page talking about all the things there are to do? We will send an email(s) after registration and then before the conference with information on activities to sign up for.

We will also add the information to the registration page, and a link or summary to the FB page regarding the activities (Jerry will put something together). Then, at 3 weeks before the registration deadline, we will include information in the email that goes out. We will also include some recommended places to eat.

7.   Next Meeting: November 16, 2017 at 3pm EST
