

**TNI Chemistry FoPT Subcommittee
Meeting Summary
June 26, 2012**

1. Roll call and Meeting Minutes:

Chair Carl Kircher called the meeting of the Chemistry FoPT Subcommittee to order on June 26, 2012 at 12:14 EST. Attendance is recorded in Attachment A. There were 5 members on the call. This number is insufficient to work on FoPT tables.

2. SOP 4-101

Carl has not gotten any additional comments on the SOP. Carl asked if it is now appropriate to send it back to the PTP EC. Jeff asked for a little more time to review it. Carl will send it one more time and request final comments by this Friday.

Carl emphasized that the changes being made to the SOP are the ones that were suggested by the Policy Committee. He asked if everyone wants to vote on the final version before it goes back to PTP EC. The decision was that the Subcommittee would like to vote.

3. Action Items

See action item table in attachments.

4. New Business

- Jeff commented that he has volatiles ready when the subcommittee is ready to start looking at the SCW FoPT table. He reminded Carl that Dan Tholen had provided additional data that still needs to be added in for the other analytes. The next set of data that will be calculated will be Metals.

5. Next Meeting
