The link to the training currently available is presented on the agenda but has been reported as no longer accessible. The revised training is anticipated to be available in late February to accomplish the required training.

Review of Virtual Winter Meeting

The ATEC made their presentation of 2020 accomplishments and 2021 Goal at the virtual Winter TNI meeting. The session was conducted on Monday January 25, 2021 at 3:45PM ET. Michelle presented the PowerPoint presentation previously approved by the committee. The presentation was well attended. No questions were received from the participants and attendees.

Review of proposed changes to the DoD/DoE QSM regarding asbestos testing

Bob recently received for comment proposed changes by the DoD/DoE QSM. The draft document is presented below along with a comment sheet should the committee have any comments or suggestions.

Draft DoD_DOE
QSM Version 6.0 V11

DoD_DOE QSM
Version 6.0 V1M3 Cc

The DoD/DoE QSM utilizes to a large extent TNI's EL V1M3 for the proposed revision to their QSM. The Committee reviewed the proposed changes being proposed by the DoD/DoE and while recognizing minor differences had no comments or suggestions for consideration by the DoD/DoE.

The Comment form that Michelle will transmit on behalf of the ATEC is provided below.

Comments form in
response to proposer

The response presented above was approved by the ATEC unanimously following a motion by Mike and second by Zonetta.

The meeting adjourned at 1:30 PM ET on a unanimous vote following a motion by Zonetta and a second by Mike. The next meeting of the Asbestos Expert Committee is currently scheduled for Wednesday, March 17, 2021 at 1:00 PM ET. The comment period on the DS will still be open, if no comments are received, the option of no March meeting will be decided upon and all members advised accordingly.
