Mission

To maintain laboratory quality systems standards (TNI Volume 1, Modules 2 & 3) based on public input and to provide technical assistance on issues related to adopted standards; and to develop tools that facilitate the implementation of the standard.

Composition of the Committee

The Committee is composed of balanced membership of no more than 15 members from among the following TNI Constituencies: Accrediting Bodies, Laboratories, and Other; Associate members are not limited in number, and are not required to demonstrate balance in their numbers; Members serve three year terms, and are eligible to serve two consecutive three year terms

Objectives:

1. Review and revise standards based on input from all stakeholder groups
   **Success Measure:**
   - Improving the Standard, such as by:
   - Increasing the clarity of the intent of the Standard
   - Incorporating advances in technology

2. Ensure that the Standard will produce data of known and documented quality
   **Success Measure:**
   Timely development of standards based on a 5 year review per ANSI requirements

3. Provide technical assistance such as responding to Standard Interpretation Requests (SIRs)
   **Success Measure:**
   Responses to SIRs within the 30 days as per SOP 3-105.
4. Provide technical assistance in developing tools to facilitate the implementation of the standard

**Success Measure:**
Provide requested checklists, training materials, and the Small Lab Handbook

5. Ensure continuity with TNI Volume 1 Modules 3 through 7

**Success Measure:**
Reviews performed by the CSDEC find no conflicts between Modules when such review is made.

**Decision Making:**

Decisions of the Quality Systems Expert Committee can be made by electronic ballot or by the respective votes of the committee member in teleconference or face-to-face sessions. In any case a quorum, representing more than 50% of the committee members must be represented in the voting process.

Decisions will be made, consistent with the requirements set down in the current revisions of SOP-2-100 and SOP-2-101 as follows:
