

Field Activities Expert Committee (FAC)

Meeting Summary October 3, 2017

1. Roll call:

Chair, Kevin Holbrooks called the FAC meeting to order on October 3, 2017 at 11am Eastern by teleconference. Attendance is recorded in Attachment A – there were 4 members present. Associate Members: Jacob Gruzalski (jgruzalski@envstd.com) (new associate member) and Maggie Cangro.

Meeting minutes are sent to the committee by email. If no comments are received within one week of the email notification, they are considered approved and are posted on the TNI website.

2. Standard Review

The next step in the Standard Review process is to finalize the date for the stakeholder webinar and get the DRAFT letter (7/18/17) out. Ilona noted that she is still building the mailing list of who to send it to and asked that people continue to send her names. She will check with the Advocacy Committee to get state contacts. Kevin will send Mike Blizzard's email address. He is from Florida DEP and may have an interest.

Ilona sent comments from the DC meeting to Kevin, Shannon and Doug Berg. Kevin will enter the comments into the spreadsheet and Ilona and Kevin will enter comments moving forward as comments come in. It was noted that the NEFAP EC will be providing formal comments. Ilona thinks the timing on this might be November/December.

Kevin expanded the tracking document that he has been sharing with everyone. There is now a new tab for comments. Everyone is asked to review this document and send comments by email to Kevin.

Ilona noted that Carl Kircher shared copies of the TNI Standard with the new ISO language. She will check with him to get a copy of the ISO standards so the Field Standard can be updated with the new language too. There are some additions that will need to be made to the Field Standard because they are topics not in the older ISO language or the topics and expectations have been expanded.

A small group will begin work on re-structuring the current Standard to the new ISO format. That document will then be sent out for people to begin working on updating

their sections of the Standard. The small group is: Scott, Shannon, Jacob, Kevin and Ilona.

3. Scope Guidance Document

Scott forwarded the current document to Kevin and he will be forwarding it to the ABs for review and comment. He will take care of this within the next week.

Maggie asked about a comment that came in from Kim during the open comment period in Washington, DC. She does not think the Scope Guidance document needs to be more detailed. Kevin does not think any additional matrices or details need to be added to the Scope Guidance Document at this time. If any additional updates are needed, this will likely be handled through the Standard Review/Update process. Maggie will send some suggested language to Kevin to update the information in the comments tab.

Ilona reminded the subcommittee that the finished document will need to go back to the Policy Committee for a final review.

4. New Business

None.

5. Action Items

The table in Attachment C summarizes all action items. See notes on table.

6. Next Meeting

The next meeting of the FAC by teleconference will be scheduled with a Doodle in late October. Kevin is hoping to find a better meeting date so that more committee members can attend.

The meeting was adjourned at 11:35am Eastern.
