1. **Welcome, Roll Call and Announcements**

The meeting was called to order by Alfredo at 11 am Eastern. He noted that minutes of the October 4 meeting were distributed, and any comments should be provided within a week. Attendance is recorded in Attachment 1.

2. **Revising TNI Bylaws, cont’d.**

Alfredo provided a later version of revisions, incorporating committee discussions from October 4 plus several additional changes that he thought beneficial. These further changes are noted below. Participants agreed that, with these revisions cleaned up, the draft document is ready to be submitted to the Board for its review and consideration at the November Board meeting.

**Article IV** -- §3 & §4 revised as discussed, with the phrase modified to read that “all Individual Members *may* vote…” [*“may” inserted, since there is no way to mandate voting.*]

**Article V** – title changed to Officers and Executive Director, with the section about appointing an Executive Director relocated here from Article XI §1.

**Article VI**

§1B – reference to supporting NELAP removed, since PT program supports all TNI programs.

**Article VII** – title changed to “Committees and Councils”

§3 – revise to read that the Finance Committee duties are “to ensure the fiscal viability of TNI and to perform review of TNI financial records for approval by the Board of Directors.”

§4 inserted to establish the Nominating Committee, as follows:

> The Nominating Committee shall consist of at least three (3) Individual Members who are knowledgeable about the business of TNI and develops a slate of candidate Directors for election and ratification. The Past Chair of the Nominating Committee shall act as the Chair of the Nominating Committee. If the Past Chair office is vacant, the TNI Chair shall appoint a Director to chair the Nominating Committee. Except for its Chair, none of the Nominating Committee Members shall be members of the existing Board.

**Article VIII** – edited the revised article to clarify that one annual business meeting will occur, and that a majority of Individual Members present may present items to the Board for consideration (§1.) Also that special business meetings may be called and these would have different notice provisions than the annual business meeting (§2.) This latter section presently says that one of the mechanisms for calling a special business meeting is request by 25% of Individual Members.

**Article XI**

With §1 moved to Article V, the numbering is changed, and a paragraph added to §4, Balanced Representation, to state that different stakeholder groups better representing a committee’s or program’s constituency may be identified and offered to the Board for its approval.

**Article XII** – remains to be updated with date approved by Board, when revisions are complete.
3. **SOP 2-100 Standards Development and Review**

This SOP was prepared and approved by the Consensus Standards Development Executive Committee. Bob Wyeth explained the genesis of the revisions, from the Corrective Action Task Force Report ([http://nelac-institute.org/docs/news/Corrective%20Action%20Committee%20Final%20Report%200912.pdf](http://nelac-institute.org/docs/news/Corrective%20Action%20Committee%20Final%20Report%200912.pdf)), and that the critical concepts added are:

1. requesting participation by interested parties with the expert committee in revising a standard,
2. creation of additional feedback loops to address comments, if warranted,
3. the concept of an “interim” standard (membership approved but subject to technical and editorial review) prior to presenting the final product for adoption, and
4. timelines were either loosened or removed, from the earlier version of the SOP.

While some review functions are described, they are not assigned to particular executive committees, although the Standards Review Council’s role is described. This led to extended discussion of the roles of executive committees in reviewing the interim standard(s). Also, if those are not to be articulated in the SOP itself, then perhaps a complementary policy should be created to accomplish this. Discussions about the various committee review roles will continue, particularly between Bob and LAS EC Chair Judy Morgan, but also within the Policy Committee. After the meeting adjourned, Alfredo asked Lynn to ensure that Judy is invited to future Policy Committee meetings where this SOP will be discussed.

The possibility of having a combined executive committee meeting in Louisville, to discuss these review roles, was raised but not settled. Participants agreed to monitor progress of the discussions, and if needed, such a session might be arranged on short notice by “borrowing” time from either CSD EC or LAS EC.

4. **Next Meeting**

Policy Committee will meet again on Friday November 15, 2013, at 11 am Eastern. Teleconference information and an agenda will be circulated in advance of the meeting. Comments and feedback from the Board on the Bylaws revision will be discussed, along with progress updates on discussions about how the reviews of near-final new and revised standards might be coordinated among the affected Executive Committees and Councils responsible for ensuring that the final standard will be usable, implementable and enforceable (SOP 2-100.) Review and approval of other pending documents will resume, as time permits. These other documents are, in rough order of priority:

- NEFAP SIR SOP 5-106 (partially completed) and possibly concurrent with NELAP SIR SOP revisions (from LAS EC)
- Policy about Notification of Changes to AB Operations
- NELAP Evaluation SOP 3-102 (and possibly concurrent with the NGAB evaluation SOP, depending on timing.)
- Revisions to NELAP Voting SOP per Policy Committee
- Documents that may need updating once Bylaws revisions are finalized
  - SOP 2-100 (Standards Development and Review)
  - Revisions to Pol 1-122 (Determining Stakeholder Category of Committee Members, should accompany Bylaws revision when presented to TNI Board)
  - Revisions to SOPs 1-101 and 2-101, about Committee Operations, as needed to accommodate changes to Bylaws.

Action Items are included in Attachment B and Attachment C includes a listing of reminders.
