**Agenda Item 3: PT Charter**

The committee reviewed the draft versions of the 2008 and 2009 Charter. Gary Dechant suggested the charter objectives should capture the Scope of V3. As a success measure, the call participants thought the addition of a metric to measure the effectiveness of the standard would be worthwhile. Various ways this information could be captured were discussed including feedback survey for standards interpretation requests, AB satisfaction, and tracking of complaints but the call participants were not certain how to capture this type of information. Kirstin will contact Jerry to get some added input before the charters will be finalized.

**Agenda Item 4: TIA Public Comment Review**

All of the comments received about the recently posted TIAs were reviewed and discussed. Most of the comments were found to be non-persuasive the comment or change suggested was inconsistent with the standard. A suggestion to add an additional example to V3, 10.3 was made and the committee agreed this was a worthwhile change. Kirstin will add the example to the TIA as discussed and forward all TIA to committee for vote.

**Agenda Item 5: San Antonio Meeting Format**

Kirstin informed the group that the PT Session is scheduled for Monday afternoon. The format is slightly different than past meetings in that this will be a joint session with the PT Board. The agenda will be formalized later.
