

**TNI Chemistry FoPT Subcommittee
Meeting Summary
October 4, 2011**

1. Roll call and Meeting Minutes:

Chair Carl Kircher called the Chemistry FoPT Subcommittee to order on October 4, 2011 at 12:15 EST. Attendance is recorded in Attachment A. There were 5 members on the call today.

Meeting minutes were reviewed (September 20, 2011). Joe made the motion to accept and approve the minutes. Mark seconded the motion. The motion was unanimously approved and the meeting minutes will be posted on TNI website.

2. NPW FoPT Tables

The group is working off of the table that Carl e-mailed on August 10, 2011. The analyte files were sent August 18th.

There were not enough members on the call to complete any business, but Carl did ask the group if they would like to discuss the issue raised at the last meeting regarding TDS, Total Solids and TSS. No one had anything to add and this will be a topic for the next meeting.

Carl is working on getting more NPW analyte data to the group. PCBs, herbicides, BNAs, and many additional organics still need to be considered. He will get this out before the next meeting.

3. Action Items

Updates were made directly to the Action Table.

4. New Business

None.

5. Next Meeting

The next meeting of the Chemistry FoPT Subcommittee will be October 18, 2011, at 12:00 PM EST.

Action Items are included in Attachment B and Attachment C includes a listing of reminders.

Mark motioned to adjourn the meeting and Stephen seconded the motion. Unanimously approved. The meeting was adjourned at 12:50 pm EST.

Attachment A

Participants TNI Chemistry FoPT Subcommittee

Members	Affiliation	Contact Information
Carl Kircher, Chair Present	Florida DOH	904-791-1574 carl_kircher@doh.state.fl.us
Joe Marotti Present	RT Corp	307-721-5485 jmorotti@rt-corp.com
Amy Doupe Present	Lancaster Laboratories, Inc.	717-656-2300 x1812 aldoupe@lancasterlabs.com
Jeff Lowry Absent		303-xxx-xxxx lowjc@aol.com
Mark Mensik Present	Wibby Environmental	303-940 -0033 MMensik@wibby.com
Eric Smith Absent	TestAmerica	615-726-0177 x1238 eric.smith@testamericainc.com
Dan Tholen Absent	A2LA	231-929-1721 Tholen.dan@gmail.com
Stephen Arpie Present	Absolute Standards, Inc.	203-281-2917 stephenarpie@mac.com
Dan Dickinson Absent	New York, DOH	518-485-5570 dmd15@health.state.ny.us
Stacey Fry Absent	E.S. BABCOCK & Sons, Inc.	951-653-3351 x238 sfry@babcocklabs.com
Ilona Taunton, Program Administrator Present	TNI	828-712-9242 tauntoni@msn.com

Attachment B

Action Items – Chemistry FoPT Subcommittee

	Action Item	Who	Expected Completion	Actual Completion
13.	Prepare letter to ABs to find out their needs on analytes that may be under consideration for deletion. <i>(3/24/09 – It was determined that these tables are used by more than just ABs. This needs to be reconsidered.)</i>	TBD	Ongoing	
80	Contact ACLASS to check on possible member for subcommittee. Lab candidate can start as an associate member.	Carl	Next meeting	Carl has talked to Keith. He will follow-up and set a deadline.
84	Discuss the possibility of getting more laboratory feedback before FoPT tables are finalized.	Carl	Next Meeting	
85				

Attachment C

Backburner / Reminders – Chemistry FoPT Subcommittee

	Item	Meeting Reference	Comments
1	Review summary data to see if it supports a change in the acceptance criteria for DW analytes (For example, VOA, 30% instead of 20%). If data is supportive, Jeff Lowry will approach ELAB.	10-30-08	<p>3/10/09 - Jeff has approached ELAB. They would be happy to put it in a work group – and pass it along with a letter to EPA. We need to provide them with the data.</p> <p>2/23/10: Jeff will forward the VOA data. Jeff noted that the data supports the tighter limits. He will provide the information to ELAB and they will decide whether to approach EPA.</p> <p>5/4: Jeff is working with ELAB on this now.</p> <p>7/19: The workgroup is continuing to work on this and should discuss this on the September 2010 call.</p> <p>9/21: No work has been done in ELAB – so this has been delayed a month.</p>
3	Consider changing the lower limit for Vanadium on WP to 50 ug/L.	6-30-09	Complete
4	Consider nomenclature differences between the analyte codes and the FoPT tables.	2-23-10	
6	From PT Board: South Carolina requested that low level EDB and DBCP (8011) be added to the NPW table.	4-15-10 PT Board Meeting	<p>They were added to the solids table where they were experimental. They were not experimental on the NPW table.</p> <p>10/4/11: The SOP requires</p>

			that there be data to support these additions, so this will be left on.
7	Review completed NPW table and look for grouped analytes that behave similarly and look for consistent criteria. Compare results to Drinking Water values too.	11-30-10	
9
