#### I. PURPOSE AND APPLICABILITY

The mission of TNI is to foster the generation of environmental data of known and documented quality through an open, inclusive, and transparent process that is responsive to the needs of the community. TNI's committees are fundamental to fulfilling TNI's mission.

This policy outlines the general principles that are the basis for the conduct of all TNI Members, followed by additional conduct requirements for committee members, committee chairs and TNI staff.

#### II. DEFINITIONS (RESERVED)

#### III. RELATED DOCUMENTS

All participants must become familiar with, and adhere to the policies and procedures related to the TNI committees in which they participate. These include, but are not limited to:

Participants should check the TNI page on “TNI Policies, Standard Operating Procedures and Governance Documents ([https://nelac-institute.org/content/policy.php?ap3=1\\_2](https://nelac-institute.org/content/policy.php?ap3=1_2)) for any additional policies or standard operating procedures that may have been published since TNI Board of Directors endorsed this policy.

#### IV. GENERAL PRINCIPLES

The Bylaws, policies, and standard operating procedures (SOP) endorsed by the TNI Board of Directors specify the basic structure and operation of TNI committees. In fulfilling the roles and obligations described in those documents, participants must adhere to the following general principles:

1. Promote and support TNI’s mission.
2. Maintain processes that are open, honest, and fair to all.
3. Strive to develop consensus through broad and balanced participation of a variety of interests and full airing and discussion of all points of view.
4. Adhere, both in letter and in spirit, to all procedures and policies governing TNI committees.

#### V. CONDUCT EXPECTATIONS FOR ALL PARTICIPANTS

Although all participants serve the same overall TNI mission and are expected to promote the purposes and goals stated in this policy and its General Principles, different roles may carry differing responsibilities and obligations. Because no single set of expectations can address every possible situation, participants must attempt, even when this policy does not specifically address a situation, to act in a manner which is consistent with the spirit of this policy. Questions on the interpretation or the intent of any of the provisions contained in this policy should be referred to the TNI Policy Committee.

1. Participants must
  - a. act honestly and in good faith with a view to TNI’s best interest. Although TNI recognizes that legitimate differences of opinion can exist on individual issues, participants should support and promote the defined broad objectives of TNI. Unless a participant addresses

#### Expected Conduct of Participants in TNI Activities

- or makes reference to another participant by name, participants should consider comments made to be non-personal.
- b. encourage and facilitate the full and open dissemination of all information necessary to enable complete and fair consideration of all points of view.
  - c. explain the rationale for their views, and must not engage in debate and discussion which is disrespectful or unprofessional in tone, or which is unduly personalized or damaging to the overall goal of achieving consensus.
  - d. take appropriate steps to ensure that any public statements, either written or oral, which are not official statements of TNI, are properly portrayed as the opinion or position of the person making the statement. Care should be taken to ensure that the public is not misled by such statements.
2. No participant should ever attempt to withhold or prohibit information or points of view from being disseminated, particularly when a participant is in disagreement with the information or points of view. Disagreements should be addressed and resolved through full presentation and discussion of all information and points of view, not through suppressing information or preventing expression.
  3. To allow participants to accurately evaluate the points of view and information others contribute, participants must endeavor to make known their business, commercial, organizational, or other affiliations that might affect their interests or points of view (see POL-1-101 above).
  4. In all discussions, debates, and deliberations, comments must be confined to the merits of the scientific, technical, and procedural issues under review. Although participants may strongly advocate for their views or positions, they should be candid and forthcoming about any weaknesses in their views or positions and refrain from forcefully imposing their opinions on others.
  5. In circumstances where policies and procedures permit deliberations to take place in executive session, participants must respect and observe the confidentiality of those sessions.

#### VI. ADDITIONAL EXPECTATIONS APPLICABLE TO PARTICIPATION IN TNI FORUMS AND SYMPOSIUMS

Participants must conduct themselves at all times in a professional and respectful manner, and shall respect all rulings of the chair. They should express their views through the making of appropriate motions and through participation in the formal debate on motions.

#### VII. ADDITIONAL EXPECTATIONS APPLICABLE TO COMMITTEE MEMBERS

For TNI committees to operate fairly and effectively, it is necessary that committees represent a variety of interests and that those interests be balanced within the committees. To ensure the necessary balance of interest, members have an affirmative and continuing obligation to provide TNI with timely, accurate, and complete information concerning their qualifications and interest classification.

1. Members should maintain a high level of knowledge and competency in the areas of interest or expertise related to their activities within TNI.
2. Members must actively and diligently perform all duties required of them by their committee work. This includes fully preparing for and consistently attending all meetings, and reading and becoming familiar with all issues relating to public comments on which their committees will act.

Expected Conduct of Participants in TNI Activities

Additionally, Members must stay current with all committee activities in which they are directly or indirectly involved

3. Members are expected to base all advocacy, voting, and other standards development activities on sound technical and scientific bases and act in the interest of TNI's goals. TNI recognizes that those who are willing and competent to participate in committee activities often have outside business, commercial, or other interests. It is for this reason that committees are required to be balanced by including in their membership persons of varying interests. Although members are categorized according to their interest classification for the purpose of achieving balance, members are not appointed to committees for the purpose of furthering their business, commercial, or other outside interests.
4. Members frequently receive funding from their employers, organizations, or other sources for their participation in TNI. Apart from those sources of funding, members should not solicit or accept gifts, hospitality, or transfers of economic benefit, other than incidental gifts or other benefits of nominal value, from persons, groups, or organizations having dealings with their committee or under any circumstances in which the benefit would be or would appear to be bestowed or accepted for the purposes of influencing the members' activities.
5. Members must treat all persons having dealings with their committee with respect and fairness and must not offer or appear to offer preferential treatment to any person or group.
6. Members must refrain from disseminating false or misleading information or from withholding information necessary to a full, fair, and complete consideration of the issues before their committee.

VIII. ADDITIONAL EXPECTATIONS APPLICABLE TO COMMITTEE CHAIRS

Chairs must:

1. Act in an impartial manner in the performance of their duties.
2. Disclose to all members of their committee all known or potential conflicts of interest or other circumstances that could influence their impartiality on a particular matter and must not preside during the committee's consideration of that matter.
3. Advise the TNI Executive Director and seek direction as to whether a member may continue to serve in a specific role, if the Chair discovers that a conflict of interest arises for a member and the matter is likely to involve a major activity of the committee or to continue over a considerable period of time.
4. Avoid potential conflicts of interest in the appointment of all Subcommittee Chairs. If, in the opinion of the Chair, an individual has a known or potential conflict of interest, or other circumstances that could influence the individual's impartiality, that individual should not be appointed to Chair a subcommittee.
5. Exercise care and diligence in the appointment of subcommittees. Although subcommittees need not be fully balanced, Chairs should attempt to include, to the extent practicable, any interested committee member or others who could usefully contribute to the work of the subcommittee. Chairs should avoid constituting a subcommittee in such a way as to unfairly exclude participation of any interest desiring and qualified to participate.
6. Identify participating subcommittee members when presenting subcommittee reports to the committee for review and action. Chairs should ensure that the work of subcommittees is thoroughly reviewed and considered by the parent committee.
7. Be consistent in the conduct of meetings and in particular should be consistent with respect to

Expected Conduct of Participants in TNI Activities

participation by non-members.

8. Endeavor to stimulate participation from all committee members.

IX. ADDITIONAL EXPECTATIONS FOR TNI STAFF

TNI staff participate in committees primarily as facilitators. Their role is vital to the fair, open, and efficient operation of TNI committees. In fulfilling their roles and obligations, all TNI staff must:

1. Promptly and diligently perform all of the advisory, organizational, clerical, and other duties assigned by the Executive Director and by all other policies and procedures related to the TNI committees they facilitate.
2. Encourage and facilitate full and effective participation in committee work by all members presenting all relevant information and viewpoints accurately.
3. Strive to ensure that the work of their assigned committees is carried out in accordance with TNI policies and procedures.
4. Counsel and advise the committee concerning established policies and procedures related to operations. Staff must also provide timely and accurate information concerning the scheduling of meetings, committee reports, and other necessary information.
5. Conduct themselves in a manner that preserves and enhances the trust and confidence of participants as well as the public in the integrity and efficacy of TNI.
6. Present themselves in a manner that reflects their facilitative and advisory role, taking care that they neither act nor could be perceived to be acting on behalf of or in order to further the interests of any group or individual.
7. Provide any technical information, standards development history, feedback from users, and other material that may assist a committee in the course of its work.
8. Share their technical expertise with their committees and, if appropriate, express an expert opinion. In expressing opinions, however, staff should clearly identify their opinions as personal ones and not necessarily that of TNI or any committee. Staff should also express those opinions with brevity, dispassion, and fairness to the opinions of others, and avoid adopting an argumentative or adversarial posture.
9. Refrain from voting on any matter before a committee or acting as chair of a committee, while serving as committee facilitators.
